Request for salary discussion

I hope you're doing well. I wanted to ask if we could schedule a short meeting to review my current salary, given my contributions in multiple data science projects and taking incharge as a senior developer over the past 10 months. I'm confident I've added solid value to the team and would appreciate the chance to discuss a possible adjustment.

Best,
Tirth Darji

Thank you for your understanding, and I hope you will allow me a chance to make things right and improve my behavior.
